

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2000-366-A - ORDER NO. 2002-11

JANUARY 10, 2002

IN RE: Application of Chem-Nuclear Systems, LLC for Approval of Allowable Costs.))))	ORDER GRANTING EXTENSION AND APPROVING ELECTRONIC FILING
---	------------------	---

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of the Commission Staff for an extension to January 7, 2002 to file and serve surrebuttal testimony in this matter. The original due date for this testimony was January 4, 2002. The Staff notes that the Commission's offices were closed on the due date for the testimony, due to inclement weather, and that, therefore, an extension to the following business day was requested. We hereby grant the extension as requested.

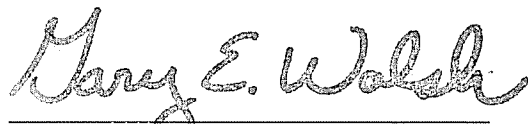

Further, we would note that the rebuttal testimony and exhibits of Chem-Nuclear and surrebuttal testimony of the Budget and Control Board were filed and served electronically on the due dates, and a request was made to postpone the filing and serving of paper copies to the next available Commission business day, again due to the inclement weather. We certainly approve this procedure in this case, due to the fact that the inclement weather and subsequent state of emergency declared by the Governor physically closed the Commission's offices during the due dates, and also impeded service of the paper copies of the testimony and exhibits.

This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director

(SEAL)
